

# Highway 7

**Sisteron near Montelimar, France—August 25-26th, 1944:**  
 The German 19th Army was in trouble. Highway N7 was the primary route north and away from danger. On the 25th, Elements of the 36th Division and Task Force Butler had managed to block the road. At this point, German General von Wietersheim took a personal hand in affairs. He organized an armored-infantry striking force from units scraped up in the Montelimar-Sauzet area and led a midnight cavalry charge against the American roadblock. By 0100 on the 26th, German armor had dispersed the blocking force, knocking out three American tanks and six tank destroyers and driving what was left back into the Condillac Pass.

**BOARD CONFIGURATION:**

**VICTORY CONDITIONS:** Germans win by clearing the Road on Board 4a (hexes I1-I20) of US units. US wins if a non-broken US unit occupies any hex of the I1-I20 Road.

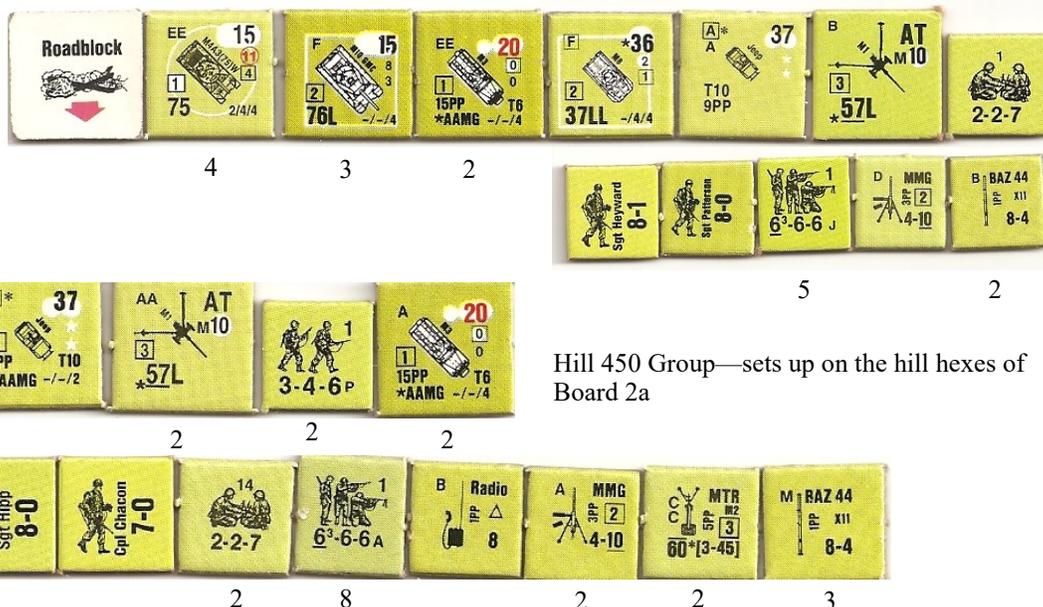

Germans move First	1	2	3	4	5	6	7
US sets up first
